Dear Sir/Madam,

**RECOMMENDATION LETTER FOR MR. ARNOLD KUUPOL**

I am writing in complete support of Mr. Arnold Kuupol for graduate school. I have known him for several academic semesters as a student in my class who is very determined and has a strong passion and an ability to always succeed in his endeavors. He is a highly motivated individual, whose intelligence is constantly being exercised by his quest for more knowledge. He is also a disciplined person, honest, respectful, very hardworking, and full of promise to successfully perform extremely well in any academic program.

More importantly, Mr. Kuupol possesses a combination of attributes that will serve him well in any graduate institution. He combines a passion for his vision of equal opportunity and justice for all with a uniquely objective intellect and ability to articulate many sides to complicated issues. He is a quiet and an intellectual leader with an exceptional passion to ensure the success of every activities he is part of. This urged him on to attain Second Class Honours (Lower Division). One look at his outstanding resume proves that Mr. Kuupol will be an asset to any program, as colleagues and supervisors alike can learn quite a bit from his wealth of experience and humility.

I also find Mr. Kuupol to be emotionally stable, intellectually sound with great academic abilities and experience to do very well in any graduate program or any academic program. I am confident that he will be an outstanding graduate student. I strongly recommend him for admission into any graduate program. Please, do not hesitate to contact me for additional information if needed.

Sincerely,
